REGULATIONS.

1st. The regulations and table of fares enacted upon the 19th day of June 1811 years, are hereby repealed; and the before-mentioned general rules, the following regulations, and annexed table of fares, made according to these general rules, are substituted in place thereof.

2d. That each coach or chariot, before plying for hire, shall be inspected by a magistrate; and, if approved of, will be licensed by him, when a number will be issued to the owner, who must affix the same, together with his name, in letters at least one inch in length, on each door of the coach or chariot, immediately below the window. That there shall not be the same number on two coaches or chariots; and that no coach or chariot wanting such number or name shall be allowed to ply.

3d. That no insufficient coach, or chariot, or horses, shall be allowed to ply; and when any of the proper furniture of steps, springs, blinds, glasses, or check-strings for stopping the coachman, are broken or wanting, or the harness shall not be in good repair, it shall be lawful to detain from the hire 1s., or the whole hire, if it shall not amount to more. The coachman shall always keep the check-string in his left hand when driving, under a penalty not exceeding 5s.

4th. That there shall not be fewer than six coaches or chariots on the stance in Princes street, every morning at nine o'clock, taking this duty by rotation, beginning at No. 1, and going on progressively, under a penalty of 10s. for every coach or chariot absent. All coachmen attending for a fare at any stand, shall either sit on the coach-box, or stand at the horses' heads, under the penalty of 2s. 6d. for each offence.

5th. That each coachman shall be cleanly in his person, and wear a ticket on the front of his coat, with a number corresponding to that on his coach or chariot, under a penalty of 5s. for each offence.

6th. That when a company shall take a coach between the hours of ten and twelve o'clock p.m., in that case, fare and a quarter shall be paid; between the hours of twelve and one o'clock, fare and a half shall be paid; and after one o'clock, double fare shall be paid, with the exception of the Theatre, where the usual charge only shall be paid.

7th. That the stances for the coaches and chariots shall be as follows: viz. Tron Church,—Princes Street, east end,—George Street, between Hanover and Frederick Streets,—Princes Street, west end, facing Hope Street; or at such other places as the magistrates from time to time may appoint; and that there shall not be fewer than four coaches at the stand facing Hope Street.

8th. That coachmen are not on any account to enquire where a company are going, previous to engaging, or to plead prior engagements, when their services are required; nor shall they be allowed to draw off the stance, under pretence of being engaged, so as to have their choice of work; but their coaches or chariots, being on or near the stance, shall be considered as proof of their being disengaged; and on their refusing to take a fare, they shall be liable in a penalty of 10s. unless they can adduce evidence, to the satisfaction of the magistrates, that they were actually engaged.

9th. That when a coachman is required to wait, either upon setting down or taking up a party, he must on no account refuse, under the penalty of 5s. and the forfeiture of his hire: but he shall be entitled to charge for the first fifteen minutes sixpence, and a like sum for each successive fifteen minutes he may be detained.

10th. That if a coachman shall be sent from a stance to any house to take up a company, he shall immediately announce his arrival, and remain in waiting during the pleasure of the company; for which he shall be entitled to charge the same allowance from his arrival as in the preceding regulation.

11th. That no fares higher than those in the annexed tables shall be demanded or taken: And if hired to any spot or place, not specified in the annexed table, (such as) from a change of the name, a new place, or beyond the limits, &c. in that case no fare higher than those in the before-mentioned general rules shall be demanded or taken: The coachman having it in his option to take either for the length of ground or time, but not for both. And if any coachman shall be convicted of imposing on his employers, or abstracting the fares from his master, he shall be liable in a penalty of four times the amount of the fare, and imprisoned until payment.

12th. That every coachman, when on duty, shall have in his pocket a printed copy of these regulations, to be kept in a tin box, with the number of the coach or chariot painted on it; and shall show the same to his employer, when required, under a penalty of 5s.

13th. That any coachman being convicted of drunkenness or abusive language, the magistrates may revoke his license, or impose a penalty of 10s., and order him to be imprisoned till the same is paid.

14th. That the coachman (master or servant), after setting down a company, shall drive to the nearest stance; and if the number of coaches or chariots ordered to stand there is not complete, he shall remain for the service of the public.

15th. That any person wanting a coach or chariot, shall take one from the nearest stance to his residence; but if none shall be there at the time, and one shall be procured from another stance, there shall be paid for every stance beyond the nearest, in addition to the fare, the sum of 6d. This to be only applicable to fares under 2s. 6d.

18th. That the fares are exclusive of the King's duty and tolls, which are to be paid by the company.

19th. That the regulations respecting the fare to Musselburgh will not be insisted on during the race week, for two hours before, and two hours after, the horses have started for running.

20th. All parcels, or articles of any kind, to be immediately returned to the owner, if known; if not, to be lodged in the Council Chamber.

21st. At least one-fourth of the coaches to attend at the stand east end of Princes street, on Sunday, from ten o'clock morning, to ten o'clock at night.

Medical Baths.

ELECTRICITY, Galvanism, Shampooing, Cupping, and other External Applications, found so useful in Rheumatic and Paralytic Affections; also plain Warm Water, Shower, Vapour, Sea-Water, and Mineral Water Baths, of all kinds, No. 9, Antigua Street, Head of Leith Walk.

Where may be had a Report of the numerous Cures that have been made at this Establishment for the last ten years, in Diseases of the Skin, and many other complaints peculiar to the great changeableness of this climate, and inattention to Diet and Regimen.

After the practice of curing Diseases by the external application of Heat, and by means of medicinal substances conveyed into the system through the pores of the skin, by Vapour and Fumigating Baths, had been proved at this Establishment by cases and publications now out of print, which had been reviewed in Dr Johnson's and in the Edinburgh Journal, a similar practice was begun in London by Mr J. Green, Surgeon; and his publication, dedicated to Sir H. Hallford, and containing similar cases of cure, in Gout, Rheumatism, Sciatica, Scrofula, and Glandular Diseases—derangement of the Liver, Stomach, and Digestive Organs—Mercurial and Syphilitic Complaints—Asthma, Obstructions, Erysipelas, and Cutaneous Disorders—authenticated by the names of the most eminent physicians, has been lately sent to this Establishment, where it may be seen. It is published by Treuttel and Co., Soho Square.

A command of the valuable Mineral Water of St George's Well, near Stockbridge, has been secured to this Establishment, and may be had there fresh every morning, either for Bathing or Drinking. It does not lose by carriage, and is equal to the celebrated Waters of Bath, Tunbridge, or Buxton, by varying the temperature; and, with a little addition, may be made equal to those of Cheltenham or Harrowgate. As it is impregnated with muriate of lime, it is of great use in Scrofulous and Glandular Diseases, used externally and internally; and eminent Physicians on the Continent are now successfully endeavouring to imitate, in their prescriptions, the manner in which medicinal substances are mixed by nature in the most minute particles in all Mineral Waters. See a popular account of the Homœopathic Practice in the Edinburgh Review for January 1830.

LIFE DEPARTMENT.

Persons interested in Life Policies for the whole term, will, at the close of every period of seven years, be entitled to participate in the surplus Premiums, to be then ascertained by actual valuation; and the average addition to the sum insured for the last period was 65 per cent of the premiums paid, which is GREATER THAN MOST, AND AS GREAT AS HAS BEEN MADE BY ANY OTHER INSURANCE OFFICE WHATEVER.

As to the Rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the sound principles of mathematical computation; and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

If any new offices have ventured to reduce these rates, they may, perhaps, have done so without transgressing the bounds of bare security; but their prudence is at least questionable; and the Atlas has no inclination to follow their example. In effect, the reduction of premiums is only nominal; for the comparison to be drawn is not between the two rates of premium, but between the premium and the sum ultimately to be obtained in return.

TABLE, showing the additions made to Life Policies for L.1000, which had been in force for the Seven Years ending at Christmas 1823. Proportionate additions have been made to Policies for other amounts, or which have been in force for shorter periods:—

A payment for rent is made by the Company in case of *Loss on Buildings, without any extra Premium.*

ESTABLISHED, MARCH, 1824.

Persons effecting assurances with the ALLIANCE COMPANY will enjoy the following important and striking advantages.

I. PERFECT SECURITY.—The Capital of L. 5,000,000, under the immediate management of the above Board of Direction, is pledged for the security of the Assured.

II. HONOUR AND LIBERALITY IN THE SETTLEMENT OF LOSSES.—The well-known character of the members of the Direction affords, on this head, every possible security.

III. MODERATE PREMIUMS OF ASSURANCE.

The rates of Premiums of Assurance, for the greater part of LIFE, will be found lower than those in use in most respectable Offices.

The Premiums of Assurance on FIRE are the same as those which are demanded by the first class of Assurance Companies.

IV. PARTICIPATION OF PROFITS BY THE ASSURED, BOTH IN LIFE AND FIRE.

THE PROFITS of the LIFE Department, appropriated to the Assured, will be applied either to the reduction of the rate of the future Premium to be paid on the Policy, or to the increase of the sum assured on the Life, as shall be most agreeable to the Assured; the party to make his choice at the time the proposition for Assurance is made.

THE PROFITS of the FIRE Department, appropriated to the Assured, will be distributed at the close of each successive period of Five Years, in the form of a per centage on the Premiums which have been paid.

V. Parties who obtain the settlement of losses from Fire are not thereby deprived of their right to participate in the profits of the Company.

VI. Losses by Lightning are made good.

VII. The extended scale on which the Society is formed, gives rise to the expectation that the Profits to be divided

INSURANCE ON LIVES.

Two different objects being generally contemplated in effecting Life Insurances, some persons desiring to secure only a fixed and certain Sum to be received at their Decease, and to pay no more than may be sufficient for that purpose, while others prefer paying larger Premiums for the purpose of participating in the Septennial Profits, the Directors have caused tables to be prepared, by which an option is given to effect Insurances in either way; those who may desire to Insure only for a certain Sum, may do so at rates calculated on the lowest scale of charge consistent with the safety of the Insured, and a fair remuneration to the Company; others who wish both to Insure and to become participators in the Profits, may do so at Premiums computed at an increased rate of charge; and persons Assured for the Whole of Life upon that higher scale, will be entitled to receive their proportion of three-fourths of the Profits arising from all the Insurances of that Class. The Profits will be declared every Seven Years, but no Insurer will be entitled to participate therein until he shall have paid Six Annual Premiums—such Profits may be appropriated, either as additions to the Sum Insured, or in diminution of the Annual Premium payable on the Policy, the Assurer making his election at the time the division of Profit is made.

The following are Specimens of the Annual Premiums required by the low Scale of Charges to Insure L.100 for the Whole of Life:—

The important advantage offered by this Society is a septennial division of the **WHOLE PROFITS** amongst the Insured, in proportion to the Premiums paid by them; and, as the Insured are also guaranteed from responsibility, they thus derive all the benefit of Partners in any other Company, without the advance of capital, and without risk.

This Society is so constituted as to present the means of effecting Assurances on Lives with the greatest possible advantage to the public.

Three-fourths of the present profits, and eventually the whole profits, will be divided among the Policy-holders.

Every person assured to the extent of L.500 for the whole term of Life will, after four years, be entitled to participate in the profits, and to attend and vote at all General Meetings, the Members of which have absolute control over the affairs of the Society.

No claim can be litigated or disputed without the sanction of a General Meeting of Policy-holders specially convened on the occasion.

The Directors having availed themselves of all the important information relative to the decrements of human life, which has recently been communicated to the public, have been enabled to construct a set of Tables, in which the Rates of Assurance are considerably lower than those of any other Office in which the assured participate in the profits.

They have also been enabled, from the extent and variety of the computations, to adapt the mode of payment in each case to the accommodation of the party assured. An instance of such accommodation may be seen in the annexed extract from the increasing rates of Premium, which have been calculated expressly for the use of this Institution.

Females and others, who are unable to attend personally at the Office, may appear before one of the Medical Officers, in town or country; and proposals may be completed without delay where the documents relative to the health of the parties are satisfactory.

The Usual Commissions will be allowed to Solicitors and others recommending Assurances to the Office.

OBSERVATIONS.

The principles upon which this Institution is founded have been adopted after a mature investigation of the practice of other Offices, and will be found to combine advantages not hitherto offered by any other Assurance Company having a Subscribed Capital.

The Capital subscribed by a numerous and respectable Proprietary throughout the Empire affords security for prompt and certain Indemnity, without the responsibility attaching to Societies for mutual assurance.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of arbitrators, if required by the Assured.

Life Policies of this Society may be sold, transferred, or mortgaged, without any notice being given at the Office ; and in all minor articles the utmost liberality will be afforded to the Public, consistently with the security of the Company.

FIRE DEPARTMENT.

The Premiums charged by this Company on the Three ordinary Classes of Fire Insurance are (with certain exceptions) as follows, viz:

1st Class, 1s. 6d. per cent per annum, *formerly* 2s.

2d do. 2s. 6d. 3s.

3d do. 4s. 6d. 5s.

*Other Risks not falling within the above Classes,
may be insured by Special Agreement.*

The allowance of 10 per cent, which has been made on the Premiums paid on Policies of seven years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

Independent of a reduced rate of Premium, as compared with other Offices having a subscribed Capital, Insurers for the whole term of life are entitled, at the end of seven years, to participate in the Profits with the original Subscribers, either by an addition made to the amount of their Policies, or by a reduction of their future Annual Premiums, at the option of the Insurers. The Additions so allowed at the last Septennial Division amounted, on an

average, to more than 1 per cent per annum on the sums insured.

Persons insured in this Office are allowed to pass by sea from one part of the United Kingdom to another; and also, in time of peace, to pass in decked vessels or steam-boats, from British to Foreign Ports, between the Texel and Brest (both inclusive), without extra premium, or special leave of the Directors, as is usually required.

No additional premium will be required from Military Men, unless when called into actual service.

No charge will be made for Entrance Money or Admission Fees.

No charge will be made for Policies beyond the cost of the stamp.

FIRE AND LIFE ASSURANCE, AND ANNUITY COMPANY.

CAPITAL—TWO MILLIONS STERLING.

This Company continues to effect Insurances over Property from Loss or Damage by Fire, at the several rates proportionate to the risks, and which are unusually low. Insurances on Lives are also effected by this Company, upon terms extremely advantageous to the assured, and those having interest in the life. The advantages, among others, alluded to, are the facilities offered to the assured, in the event of their going abroad—the comparative low premiums—the arrangements as to payment of premiums—and the advance of sums of money to aid the assured in continuing their payments—the easy mode of effecting Insurances on Single or Joint Lives, without the tedious forms of other offices—and the ready terms for settlement on occasion of death. This Company also having a large subscribed capital, and, with its progressive accumulation, is ready at all times to invest their capital on heritable property, upon annuity, dependent on lives named by the mortgager, or the Company. Every information will be readily afforded on application to the Company's Agent in Edinburgh, personally or by letter.

Assurances are effected by this Society to the extent of £5000, upon the same sole or joint or surviving Life or Lives, and are not confined to the profession of the Law, but are open to persons in every station of Life.

At Christmas, 1833, being ten years from the Institution of the Society, and at the end of every seven years from that period, FOUR-FIFTHS of the Profits will be apportioned amongst such of the Assured, for the whole term of Life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively,

and for the amounts which shall be so apportioned, equivalent reversionary Sums will be added to their Policies.

If any Person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the Life assured. And the Person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in £1000, or upwards, for the whole continuance of Life, have the power of electing, either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance-money is required; nor any extra Premium on persons in the Army or Navy, unless in actual service.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before a Solicitor in the Country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, and to and from the islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in king's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or licence from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

Assurances may be effected through any respectable Attorney or Solicitor in England, of whom Prospectuses may be had. A party may himself effect an Assurance by writing to the Actuary, or attending personally at the Society's Office in LINCOLN'S INN FIELDS.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

This Company presents to the public two modes of effecting an Insurance for the whole Life, either with or without a participation of Profits, according to two different Tables of Rates.

The Rates of the *first Table* are adapted to those who wish to participate in the Profits. They will thus enjoy the advantages of a mutual Insurance Society, while they are exempted from the risks and anxiety to which an association so modelled is for a number of years obviously exposed. At each periodical investigation of the Company's affairs, the share of the Profits of those insured under the *First Table*, will either be applied to the increase of the sum insured, or the reduction of Annual Premium, at their option.

The Rates in the *Second Table* are adapted to that class of persons, who, having no desire to participate in the profits, only wish to secure a definite sum at the lowest Premium.

The following are a few of the Rates, from both Tables, for single lives.

LIFE DEPARTMENT.

This Company effect Life Insurances on equitable principles, with entire exemption from the liability of partnership.

A Large Capital, subscribed by the Proprietors, forms the security of the assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance*; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or otherwise, or of paying a larger Premium, while the means of doing so may be more at command, and so being freed from payment, when the means may be diminished.

Each Policy for Life is entitled to share the Surplus Profits, which are declared every seven years, so that the Representative of a Party assured may ultimately derive, *besides the specific sum stipulated for*, a very handsome addition, in name of profits, and that without being called upon to contribute a greater amount of Premium than what was paid at the commencement of the Contract.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after intimation of death.

Short Insurances, viz. from *one to seven* years, are effected on more advantageous terms with this than any other office;—a fact which has recently been proved by transactions of magnitude with another Office of the first respectability.

FIRE DEPARTMENT.

The practice of this Company has been, for upwards of a century, to return the profits on Policies effected for seven years. Only six years' premium and duty are charged, and the Government duty may be paid annually, or in one payment. The annual rates of Insurance, where the premium exceeds five shillings, are, except in special cases,—

Common risks	.	:	L.0	1	6 per cent.
Hazardous risks	.	.	0	2	6 per cent.
Doubly hazardous risks	.	.	0	4	6 per cent.

The stability, character, and tried experience of the LONDON UNION SOCIETY have been proved by the test of upwards of a Century.

LIFE DEPARTMENT.

The variety of cases in which, by means of Life Assurance, income is made to supply the place of capital, is becoming daily more generally understood, and must readily suggest themselves to all who perceive that the person who applies a part of his annual income to an insurance on his life, instead of lodging it in a bank, or applying it in his trade, for the purpose of accumulation, converts at once the *prospective savings* of a long course of years into *testamentary capital* for the benefit of his family; and thus effects immediately what, without the aid of Life Assurance, he could not accomplish, unless he should happen to attain a period of life which there are at best many chances against his ever reaching.

It is usual to have a precise sum insured at the lowest possible rate of premium; but the party insuring sometimes prefers to speculate on his longevity, by paying a higher rate of premium, in order that periodical additions may be made to his Policy, proportioned to the success of the Office. The North British Insurance Corporation have therefore adopted *two different plans* for assurance upon

lives—one of them embracing assurances for short periods, and for all the other usual contingencies of life assurance; thereby combining, as far as is practicable, every advantage which is to be found in the various systems of life insurance hitherto offered to the public.

By one of these plans, the assured do not become partners, but have the benefit of a *reduced scale of premiums*, calculated at the lowest rate at which such risks can be safely undertaken. By the *other* plan, assurers for the whole duration of life are entitled to *participate, to the extent of two-thirds, in the profits* of the Office, and are guaranteed from all responsibility by the capital of the Corporation.

The following extract from the Company's Tables of Rates shows the premium exacted for the assurance of precise sums.

Annual Premiums for the Assurance of £100 on a single Life.

Age.	For one Year.	For seven Years.	For the whole of life.
	£ s. d.	£ s. d.	£ s. d.
20	1 2 3	1 4 8	1 17 6
30	1 7 3	1 9 6	2 6 6
40	1 14 0	1 17 11	3 0 9
50	2 6 10	2 13 0	4 3 3
60	3 7 9	3 17 8	6 0 9

The Policies of this Office, when sold or transferred in security of Loans, are placed on the same footing in every respect as if the Insurance had been effected by the onerous holder himself.

A Board of Directors sits every Monday and Thursday, to decide upon Proposals.

**** No Entrance Money is charged, and no charge is made for Policies beyond the Policy-Stamp.*

FIRE DEPARTMENT.

Property of every description is insured against loss or damage by fire, at the usual rates of premium, corresponding to the risk. Loss or damage by lightning is made good. Farm stocking is insured without the average clause, on a plan which saves the farmer from 20 to 25 per cent.

The Company's Tables of Rates, or other information, may be had at the Office in Edinburgh, or by applying to any of the agents in the principal towns of Scotland, and the North of England.

Norwich Union
LIFE INSURANCE SOCIETY, FOR INSURANCE
ON LIVES,
AND GRANTING ANNUITIES.
LIFE SOCIETY.

This Society was commenced in 1808, not as a Joint Stock Company, but as a Society for Mutual Insurance, and its prosperity has been so unrivalled that it has accumulated a fund of upwards of a MILLION. This success has resulted from the extreme caution of the Managers, and the high popularity of the principle on which the office is founded, its leading feature being that the whole profits are secured to the parties insured; and, in consequence, those who effected Policies prior to June 1815, have had 44 per cent on the premium added to the sums insured, and those whose Policies commenced subsequently L.24 per cent Annual Income above L.250,000.

The following view of the yearly receipt of premiums at the periods quoted, indicates the rapid growth of the Establishment.

At March 25th, 1818,	L.66,226	8	9
..... 1821,	96,650	6	9
..... 1824,	117,465	5	11
.... June 24th, 1825,	129,948	3	4
.... March 1829,	271,903	15	2

The Rates of Premium are considerably below those of most other Offices, and Insurances may be effected through the medium of the Society's Agents, established in every large Town in the United Kingdom.

The insured are permitted to go in steam or other decked vessels to and from any part of the United Kingdom; and, in time of peace, to and from any part of the Continent, situate between the Elbe and Brest, without being required to pay an additional premium, or procure a licence from the Directors.

FIRE SOCIETY.

This Society was originally established in 1797, and was the first Office to introduce to the public the principle of returning profits to the parties insured, and it actually did return the sum of L.114,072, 11s. 7d.

Since the principle of the Office has been modified, it has declared a return to the parties insured, of L.31,965, 1s. 6d.

The Norwich Union ranks the second Office, in the amount of its business, in the United Empire.

It is a part of the constitution of the Society, that losses may be substantiated before local Committees, a system which greatly facilitates the prompt settlement of claims.

The capital of the Society is L.550,000, and the parties insured are completely guaranteed from all responsibility.

The Fire Society is wholly distinct from the Life.

This National Institution comprises the principal influence in Scotland among its numerous Proprietary, and affords unquestionable security to the Public by the magnitude of its Capital. Established on a broad and solid basis, it has been enabled, by the unexampled support which it has received, to conduct its operations on a larger scale than its competitors in North Britain.

The Capital Stock of the Scottish Union Company cannot at any period be endangered, according to any calculable human hazard; and all persons insured with this Company may rest in absolute certainty, that, whenever a claim shall arise, ample means will be always available to satisfy it with promptitude; and that the principles by which this Institution is regulated will provide resources for the liberal adjustment of every demand.

Young and middle-aged persons are assured at *reduced rates*, by which they derive, upon the best and most equitable footing, an immediate and certain advantage.

Prudence dictates to every man, who is anxious to provide for his family, to effect his Insurance at the lowest premium, combined with perfect security. If he become an insurer in this Company, his object will be completely attained.

Tables of Rates and Explanation of any description of Fire or Life Assurance may be had at the Company's Office, 47, George Street, Edinburgh, or from any of the Company's Agents in the Country, a list of whom is published in the Edinburgh Almanack.

Scottish Widows' Fund,

AND

LIFE ASSURANCE SOCIETY,

(Founded on the Original Model of the Equitable Society of London,)

No. 5, ST ANDREW SQUARE, EDINBURGH.

This is the oldest Scottish Establishment for effecting Assurances on Lives and Survivorships. From the nature of its constitution, (which is founded on the original model of the Equitable of London,) it presents advantages which no institution, with which a body of proprietors is connected, can possibly offer. The rates of premiums are lower than those of the Equitable, and THE WHOLE PROFITS belong to, and are divided periodically among, the assured. From this it is evident, that assurances are effected at this office on the lowest possible terms; any surplus fund, above what is required to answer the actual demands against the Society, from emerged claims, and the expense of an economical management, being appropriated to the members. The rules of distribution of the surplus fund have been formed on the most equitable principles, by individuals of great skill and experience in such matters. At the first periodical investigation of the affairs of the Society, which took place at 1st January, 1825, in terms of the Articles of Constitution, there remained, after setting apart one-third of the free surplus ascertained at that date as a guarantee fund, a divisible surplus "sufficient for making additions of TWENTY-SIX PER CENT to the whole benefits assured by policies issued prior to 1st January, 1820, and entitled to additions in terms of the Articles of Constitution." A contingent prospective rate of addition, to meet the case of members dying between any two periods of investigation, has likewise been provided for. In this way, a policy opened prior to 1st January, 1820, for L.1000, is already increased to the sum of L.1373, 8s. (*being a bonus or addition of nearly THIRTY-SEVEN AND A HALF PER CENT on the capital sum assured, and exceeding in many cases a bonus of ONE HUNDRED PER CENT, if calculated on the accumulated amount of premiums paid in,*) which will be paid on the decease of the party assured, if the same take place within the current year; and if the party survive, the addition will increase according to a fixed ratio, until the next period of investigation, when there is reason to think the retrospective additions then to be declared may be proportionally equal to those already made. The office-bearers are chosen by the members of the Society, and must themselves be members, and of course personally interested in the Society.

The direction of the Society is at present (1830-31) vested in the following individuals (*being all MEMBERS of the Society of more than three years' standing, in terms of the Articles of Constitution,*) viz. :—
